This has subsequently revised to ...		6,86,500	on 27-1-1959.

(b) Works relating to the three schemes in the estimates—items 1, 2 and 3 in clause (a) above have already been completed and further an outlay of Rs. 47,153 has been incurred in respect of item No. 4 in clause (a) above upto the end of December 1958.

(c) Total cost of the administratively sanctioned scheme is Rs. 8,60,400.

(d) In respect of item No. 4 in clause (a) there is some delay since the land where the bund is to be put up could not be handed over to the Public Works Department by the Revenue authorities till 31st August 1957. Moreover, it was found that some changes in the estimate were found necessary during the execution of the work and hence a revised estimate for

Rs. 6,86,500 was got sanctioned only on 27th January 1959. The work is under progress.

MOTION ON GOVERNOR'S ADDRESS.

(Debate continued)

†Sri J. B. MALLARADHYA (Nanjangud).—Mr. Speaker, Sir, I have listened to the speeches concerning the Motion of Thanks to the Address of the Governor and the amendments moved there to. Before I wish to speak on this, I personally feel that the Governor's Address has become a legal fiction and particularly this year the speech is lengthy. I was wondering whether we could not think of some change in the procedure. I have looked into the proceedings of the House of Commons and I have also compared the speeches made by the King and the Queen latterly. Those speeches are very short and they confine themselves to the very major questions of policy and one or two very important matters relating to the administration. I want that we should evolve a procedure like that in this House. Possibly there may be an argument that the privilege of the members to speak on the Governor's Address for four days will be taken away. But those four days can be added on to the Budget discussion.
